## **PRESIDENT'S REPORT**

Thank you for the volume of active and associate members who attended and voted at our AGM on 30/7/23.

Attendance was at an all-time Club record!

Congratulations to the new management committee team members for the upcoming 2023/24 season. It is fantastic that this management committee structure will subsequently represent the ideals of a large cohort of our membership base.

This is a very motivated committee who are committed to acting with reasonable care and diligence, while working honestly and fairly in the best interests of our organisation. We will represent our membership base with integrity and transparency, while ensuring our core business of saving lives is upheld to the best of our ability.

While our members take a well-earned break, the committee will be working behind the scenes in preparation for raising of the flags at the start of the patrol season.
